

## **Gerhardt Vineyards, Tampa, Florida: About Manfred Rosowski**

Our German representative Manfred Rosowski, joined us recently and is selling our wines through home and office wine tastings. His extensive knowledge of international wines goes back to over 40 years of experience in the business. His career started out in the 1970's at a renowned international winery in Germany. In 1976 he moved to Chicago, Illinois, where he continued striving for success, bringing the winery to the private homes of the American people. After a few years, he founded his own company and successfully ran his own business for over 25 years in Tampa, Florida. He's now partnered up with Gerhardt Vineyards in providing his knowledge and service to many longtime customers and introducing the international wine culture to new customers.

Manfred, your personal wine consultant, comes directly to your home or office free of charge, introducing a variety of wines from around the world. This service gives you the advantage of being able to taste the wine first, assuring that you are able to enjoy each and every bottle you purchase. Many of our customers invite friends over to join in the exclusive service of the wine tasting, experiencing the elegance of this hundreds of years old European tradition.

If you would like to plan your own wine tasting, please contact Manfred via phone. He will set a date and time for the event and discuss the details.
